Project Name	Project – News Tracker Application
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

USER PERSPECTIVE:

Problem Statement (PS)	I am (USER)	I'm trying to	But	Because	Which makes me feel
PS-1	Is it belonging all the age groups	I try to do track relevent news based on their ages.	Is it any compulsion to do that	It make me embarassed	We will tried level best to track all type age datas If it happens it makes me happy.
PS-2	If an mobile app user whether we give all personal details what the app expecting from us.	The Given details are should be verified by an admin side .	There are many apps can't secured the data in a proper manner	The updation of an app can't be prolonged.	Unsecured to give my personal datas.
Ps -3	There is any feature to search the option if user want to track particular news	When there is an helpless situation appeared.	The connections to helpline response as much earlier	Because it is easy to track the data.	It make teams happy, if caught their searching data.
